

## TECH & HOSPITALITY RIDER – HERENCIA DE TIMBIQUÍ

First of all, thank you for your interest in hiring Herencia de Timbiquí. Below you will find a list of our technical requirements. It may seem a bit formal, but it is not meant to cause any complications. We have designed this tech rider to achieve maximum efficiency on the day of the show. If you have questions or if you're having trouble providing any of the items listed below, please contact us **before** the day of the show and we will find a solution. In addition to the requirements, we have provided a column where you can list the alternative you suggest for each item. *If you leave this column blank, it means that you will provide the alternative we have suggested.* Please return the **countersigned** tech rider at least 72 hours before the concert.

- 1 RISER FOR **BRASS SECTION** 2.40m x 2.40m x 0.20m

# HOSPITALITY RIDER

## THE CREW

HERENCIA DE TIMBIQUÍ CREW LIST				
#	NAME	OCCUPATION	DATE OF BIRTH	PASSPORT
1	Begner Vásquez Angulo	Voice		
2	Willian Angulo Ocoró	Voice		
3	Andrés Felipe Pinzón	Guitar		
4	Julio Mancilla Mafla	Drums		
5	Pablo Mancilla Mafla	Congas		
6	Etiel Loango Alegría	Bombo		
7	Carlos Riascos	Marimba		
8	Cristhian Salgado	Keyboards		
9	Omar Julian Trujillo	Trumpet/Conductor		
10	Ulises Varela	Sax		
11	Julio César Sánchez	Bass		
12	Pablo Gallego	Personnel & Business manager		
13	Leonardo Lozano	Sound engineer (FOH)		
14	Alexander Correa	Sound engineer (monitors)		

## PERSONNEL

We will need an on-site sound technician and stage technician. For this event, we will be traveling with our usual engineers, but the assistance of the sound, light and backline providers is always invaluable.

## LIGHTING

The lighting technician will arrive with advance production to set up lights. The equipment should be ready to start mapping during the sound check.

## ARRIVAL

Please provide detailed directions with the venue's complete address and a contact phone number. We need a safe parking spot available for the bus close to the venue. Please provide us with arrival times for the sound check and when the doors will open for the event. The promoter or other contact person must be at the venue at the time of our arrival.

## TRAVEL ALLOWANCE

We request cash travel allowances (\$50 outside of Colombia) per day per crew member, which should be delivered to the manager after the band's arrival in the city.

## BACKSTAGE FOOD AND BEVERAGES

- 12 regular meals and 2 vegetarian meals (without meat, chicken, or fish), or \$15 per person to purchase a meal.
- At least 24 bottles of still water, at room temperature, for the stage and dressing rooms.
- At least 12 liters of other cold beverages (juice, beer, Coca-Cola)

- 1 bottle of whisky or rum
- Some fresh fruit and granola bars
- Ice

If we are going to spend the night in the city where the event is taking place, breakfast for 16 people for the morning after the show.

### **BACKSTAGE**

Simply a room, tent, or separate space where the band and crew can rest a bit before and after the show (dressing room). It would be nice to have some couches, tables, chairs, a mirror, and a sink (ideally a bathroom). Electricity to connect computers, cell phones, and radio equipment.

### **OVERNIGHTS**

If we have to spend the night in the city where the event in question is taking place, we request a warm, clean, dark, and quiet area for 16 people with beds, bathroom, shower, and mirror. Maximum two people per room. We must have a parking spot for the bus close to the place where we will spend the night.

### **MERCHANDISE**

A table approximately 1.5 m long and a small light or some candles to display our merchandise at the show, if possible.

### **EXTRAS**

A 20-person guest list.

### **PUBLICITY AND ADVERTISING**

We have a good deal of promotional material that we can send you for the purposes of publicity. Please do not hesitate to write if you need posters or promotional flyers or templates, logos, or images in various file formats. Just get in touch with us and we'll do the rest. There isn't a "corporate identity" in our advertising, but there is a "feeling" of what the band is. We appreciate good design, whether it be professional or done from the heart.

**THANK YOU FOR YOUR ASSISTANCE!**

**REVISED / TRANSLATED JANUARY 2016**
